1 First Section

Me using $\frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$ to find
roots of $x^2 - 1 = 0$.

Me using $\frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$ to find
roots of $x^2 - 1 = 0$.

Figure 1: This is Bill Gates with a giant ping pong paddle.

Remember the quadratic formula (e.g. Figure 1)
